Designed with Your Business in Mind

Global Business Development via BIO One-On-One Partnering

BIO One-on-One Partnering has facilitated **more than 30,000 virtual partnering meetings** since March 2020. Find your next business partner in our enhanced system, optimized for your success and maximum flexibility across time zones.

Interactive Education

Be inspired by **global thought leaders** addressing the intersection of science, business and policy. BIO's top-notch education program covers the biotechnology industry's most critical topics with the most experienced thought leaders – providing essential knowledge to advance your business objectives.

NEW Innovation Stage

Meet the **hottest companies in biotech** including Start-Ups, Patient Groups, Service Providers, Domestic and International Delegations, Universities & Tech Transfer Offices in this new interactive forum.

Explore **250 company presentations** throughout BIO Digital - watch companies pitch their pipeline, R&D activities, and future goals and meet them in the partnering system.

Connect with Your Peers

Participate in **engaging networking events** throughout the week designed to foster new connections in a virtual environment.

Why Attend BIO Digital?

Network and partner virtually with the largest global biotech audience in the world

Attend timely education sessions featuring expert-level thought leaders

Join the Innovation Stage to find new partners, products and services

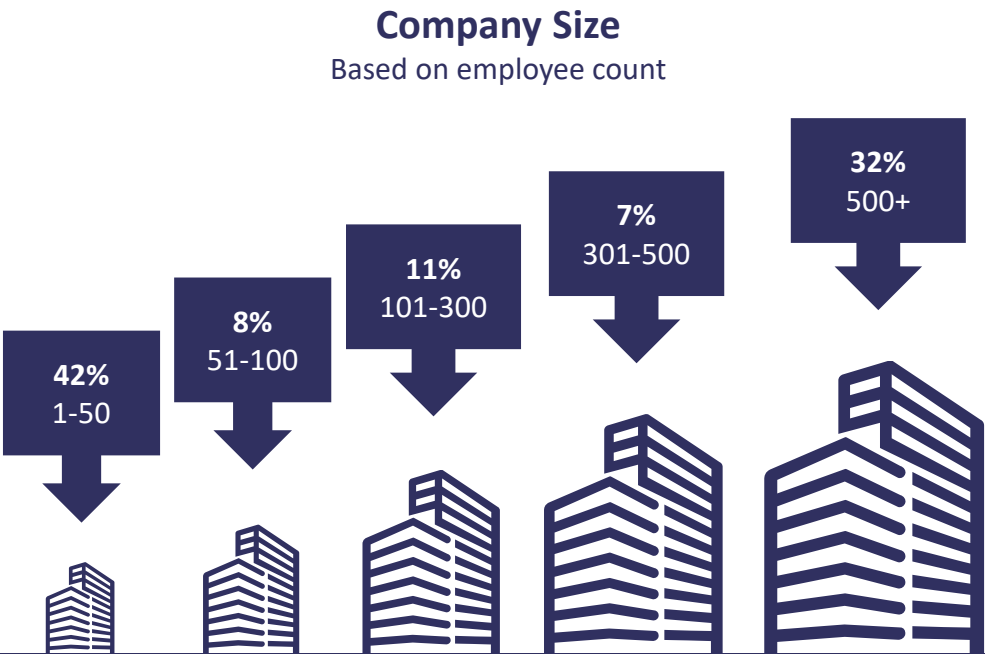

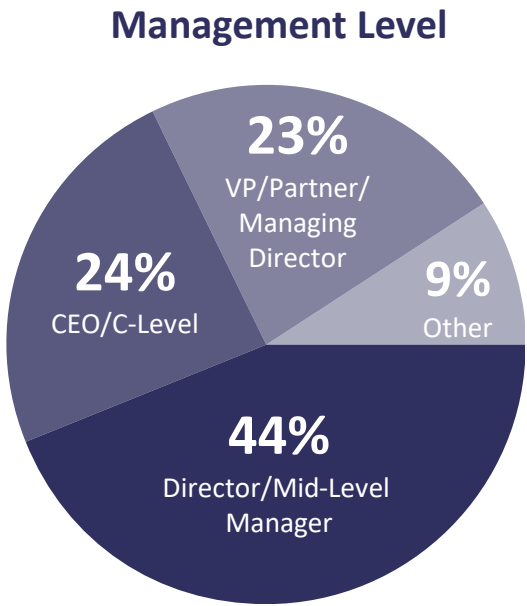

Hear from start-ups and learn what's next for our industry

A Platform for Your Collaboration

BIO Digital attracts **thousands** of biotech leaders and innovators from around the world transforming the future of science. Establish new collaborations and partnerships to bring **transformational** and **disruptive** products and **therapies** to market, helping solve our most critical health challenges.
