Transforming patients' lives
through science™

Business Development

As a leading biopharma company, partnering is a key priority for us and plays a critical role in our strategy. We seek to combine external innovative science and technologies with our internal capabilities and expertise to transform patients' lives through science. Partnerships and collaborations are essential to evolving our portfolio and driving our long-term sustainability.

Events

International
Convention

June 13-16, 2022
San Diego, CA

Elizabeth Mily

*Executive Vice President,
Strategy and Business Development*

“We are open to a wide range of partnership opportunities focused on transformational science and we are committed to being a leading biopharma partner.”
