What is BIO Business Solutions Program?

BIO is best known for world-class advocacy, education, and events BUT did you know that BIO also operates the largest cost-savings program for the life sciences industry, BIO Business Solutions®? Life sciences companies across North America saved more than \$511 million last year on lab and office essentials.

HOW DOES IT WORK?

BIO Business Solutions pools the purchasing power of thousands of life sciences companies to negotiate bulk pricing and favorable terms. Companies large and small can enjoy the great rates and benefits that come with having close to \$600 million in purchasing power behind them. That's a lot of leverage!

Why is BIO Business Solutions right for me?

WE'VE GOT YOU COVERED.

Whether you are operating a lab or law firm, BIO Business Solutions offers cost savings on the supplies you order on a regular basis. **From lab supplies and equipment to insurance and office supplies, we've got you covered!**

WE DO THE DUE DILIGENCE.

As our program and purchasing power continue to grow, we continue to renegotiate with our current cost-savings partners to ensure we are offering the most competitive rates and terms. **You can be confident that your contract terms are not only guaranteed year after year, but are also being reviewed and enhanced on a regular basis.**

IT'S WHAT WE DO BEST.

Saving you money is what we are good at – we've been doing this for over 25 years. We have a team in place to manage this program around the clock... VERY few companies can say the same. Let our team, and the savings offered, free up your time and budget dollars for the most important work you do – feeding, fueling, and healing the world.

How do I sign up?

Give our team a call and we'll be happy to get you started. The good news is that participation is free for members and signing up is painless. Just give us a call and let us know what you'd like to save money on, and we'll do the rest!
